

MALADYPE THEATRE

Dada Cabaret

THE PERFORMANCE SPACE – THE STAGE:

10.9 m (width) x 5 m (depth) x 9.5 m (height)

SET:

4 pc podium (180x180x75, 180x180x60, 180x180x30, 180x180x15)

1 pc rounded podium with scaffold

podium size: 0.6 x 0.8 x 0.5m

Platforms are fixed to the stage by drilling. The legs of the platforms are fastened to the platform plates by through bolts (8) and pegs (6). The circular platform rolls on wheels, 2 pcs of 15 kg weight bars are to be placed inside to compensate for the scaffold. It is fixed with 4 pcs through bolts (8). The pulley for the flag has to be fixed onto the side of the scaffold with through bolts (8).

5 pcs wooden cube (45x45), 5 pc wooden cross, 1 pc tall chair (190x45)

1 pc stairs (82x40x30), 1 pc wheelchair, 1 pc iron rod (1.2 x 0.16 / (length) x (diameter) / (fixing: rope, locking ring), 1 pc red curtain (1.2x5.4 m / (w) x (h) /) with a pulley system for biparting

14 pcs transparent foil for background (*agricultural foil folded*); incl.:

4 pcs 4 x 5.4 m / (w) x (h) / pieces of foil (*fixing: tied onto a bar, which is then tied onto the batten*); 10 pcs 2 x 5.4 m / (w) x (h) / pieces of foil (*fixing: eyeleted and strung, and the strings are tied onto the batten*);

Side foil pieces are tied outside of the portal's opening, so that the width of the battens is at least 14 meters. (*The side foil pieces are packed into a wooden crate, the size of which is 0.6x0.6x2 m.*)

Foils are fixed onto the stage by drilling clamps; in case drilling is not possible, 2 pcs iron weight bars are to be used.

Changing rooms of at least 4-5 sqm are needed to be set up by the side foils on each side. Changing rooms must have tables, hangers, chairs, and a mirror.

6 pc white plastic pine on wheels (240 cm/pc)

2.65-2.7 m tall, 1.2 m in diameter

1 pc black plastic pine (180 cm)

1 pc 2-step IKEA steps
